

## GREEN PROGRAM

### GREEN PLUS PROGRAM

#### Motor - assisted and unassisted electric system

Ac induction electric motor and generator, PDM (Power Delivery Module), charge reversing converter, vehicle control device, power distribution device, converter (DC-DC) and electrical box. \*Batteries not included.

#### Drivetrain unit (front and rear)

Electric drive motor and generator voltage inverter, housings and all internal parts, front and rear axles, universal joints, differential drive gears and all lubricated internal parts, bearings, sprocket, yokes, transmission shafts and support bearings, transfer case support mounts, power distribution control module, DC-DC converter and junction box. \*Batteries not included.

#### Wheel Bearings and Homokinetic Joints

Front and rear wheel bearings and homokinetic joints (axel cv joints) (in the event of major breakage only).

#### Steering components

Electro-Hydraulic power steering system housing and all internal parts, electronic assist EPS (electric power steering) ECU (electronic control unit), gear rack pinion, housing and all internal parts of electric power steering motor, steering column, (main and intermediate shaft, inner and outer tie rods.(In the case of major breakage only).

#### Brakes system

Regenerative braking system, EBD (electronic brake force system module, ABS (antilock brake system) electric mechanic system, electrically driven brake caliper and pistons, backing plates.

#### Electrical accessories systems

Charging port, front and rear windshield wiper motors, front and rear windshield washer pumps, heater fan motor.

#### Heating system

Heating unit, thermal systems, heat pump system and water cooled condenser, automatic climate control module and controller, electric fan motor.

#### Air conditioning

Electric AC-compressor, condenser, evaporator, expansion valve, the following parts are covered when necessary for the repair or replacement of a qualifying part above: thermostatic expansion valve, dryer reservoir, oils and coolants (for manufacturer's original parts only).

#### Suspension components

Struts and valve blocks, shock absorbers, upper & lower ball joints, upper & lower control arms & their bushings, steering knuckles.

#### Electronic components and more

Electronic control module, electronic parts of the cruise control, automatic temperature control unit, dashboard display programming, main dashboard instrument cluster digital display, door handles, automatic door lock actuators, switches (excluding transmitters and receivers for remote locking, and power sliding doors and rear hatches), power window motors and switches, seat switches, sunroof motors and switches. Audio system, satellite navigation system (GPS system),speakers, back-up camera, parking sensors, collision sensors, blind spot sensors, MCU (touch screen and all related parts), keyless entry system, electronic control module, traffic autopilot cruise control systems and module, road layout system, 360° surround cameras, ultrasonic sensors and radar (\*for manufacturer's original parts only).

#### Loyalty program

If the vehicle is declared a total loss during the term of the mechanical warranty, a credit will be issued applicable to the purchase of a warranty on the next vehicle.
